

KEEPING Us HEALTHY

Title: Keeping Us Healthy
Author: Kane Miller

[CLICK HERE](#)

Theme: Heroes who keep us healthy.

Overview: This book is told from a child's perspective.

Each child goes through and tells what their mommy and daddy do for work. They describe the profession in their own terms and share how they help us stay healthy. Plus, this book rhymes and it so fun to read.

The illustrations and kid friendly language make it so easy for children to understand jobs such as a dentist, eye doctor and pharmacist. This would be perfect to compliment your unit on community helpers or families!

This free printable activity is intended to help children process the information they read in the book. They can take notes, expand their ideas and reflect on what they have learned. This activity extends learning by encouraging writing and drawing.
