How To Use This Summer Print & Teach Pack

It is so nice to have students on a schedule and routine, so they know what to expect each day. This print and teach pack does just that!
Keep your kindergarten student's skills sharp before they enter first grade.

These monthly packs create a routine that is easy to follow and there is almost no prep for you.

So many standards are covered each day in a mastery and spiraling format, so students do not constantly ask you for help and directions. They recognize the activities and the format every day. Once a week (every five days) a new standard is introduced that they may need assistance with, but then this stays the same for the entire week.

This builds their confidence and helps them master skills and standards quickly.

20 days
included
for
each
month

Students
color the star
when they
complete the
assignment.
They fill up their
stars each day.

Day 1
Summer
My **TASKS** Today
Color the star when you complete each task.
Let's work hard and learn a lot today!

Primary Math	Language Arts	Reading Journal
★	★	★
★	★	★

Both school and home
activities are included. Cut out
and glue which tasks you want
your student to complete
each day. You can also
handwrite an activity in each
box or simply leave them blank.
This makes it easy to
differentiate for students or
if you homeschool.

Structured,
standards based
activities every single day!
Teachers and students
love this routine.
